

# Delhi Gynaecologist Forum

**Diploma Course In**  
**Male & Female Infertility +**  
**A to Z of IUI + Andrology +**  
**Platelet – Rich Plasma (PRP) + Hysteroscopy**  
**A to Z of IVF-ICSI-Embryology**  
**Setting up IUI & IVF-ICSI Lab**

Head Office : 11 GAGAN VIHAR , Near Karkari Morh Flyover Delhi – 51  
E-mail :- [delhi.gynae2001@gmail.com](mailto:delhi.gynae2001@gmail.com) website: [www.delhigynaecologistforum.com](http://www.delhigynaecologistforum.com)  
Ph. No. – 01143781183 / 8826638849 / 9650511339

**Vision** Knowledge is power to develop state of art in Artificial Reproduction Techniques (ART) courses (IUI, IVF-ICSI-Embryology) which become a bench Mark in the world.

**Mission** of this two weeks course is to provide guidance to ordinary gynaecologists - When & how to shift From Gynaecologist to Infertility & ART Expert. Infertility is taught as only one chapter during post graduate training without any in practical skills. Most Gynaecologist go blank & have mental block when they face male infertility patients .

## 1<sup>ST</sup> WEEK

- We start from scratch to make them expert in male & Female sub – fertility , Andrology & A to Z of IUI
- We also teach them semen processing + all Sperm function test (GOI patents) + all Minor procedures used in infertility Treatment in detail in 1st week .
- A to Z of Diagnostic Hysteroscopy is taught in detail.
- TRAIN EMBRYOLOGISTS (Theory & Practical ) & how to start & manage andrology IUI & IVF lab.
- GUIDE COUNSELLORS on all aspects of infertility so they can answer all possible queries.

## 2<sup>ND</sup> WEEK

- We teach , A to Z of IVF – ICSI – cryopreservation of Gametes & expose them to all aspects of ART..
- How to start & manage andrology IUI & IVF lab it is taught in details

## DETAILED LEARNING OBJECTIVES

*After attending the course they should know & skill themselves in following areas.*

- Investigating a sub-fertile couple should be crystal clear
- Ultrasound for infertility : basic understanding as they have to do ultrasound themselves.
- Minimum genetic analysis in male female infertility
- Practical hysteroscopy & guidelines on key areas of Laparoscopy in infertility and ART
- Detailed Preconception Care & pre – IVF counselling which is internationally followed.
- Medical & Surgical Management Of Male Infertility : practical tips
- Management of pelvic infections and pathologies : practical tips
- Managing endometriosis : in infertility
- Which fibroids need your attention prior to infertility treatment
- IUI PROTOCOLS
- Polycystic ovarian syndrome and infertility management : made easy
- Unexplained infertility : made easy
- A to Z of how to set up IUI lab, Andrology Lab
- A to Z of intrauterine insemination (procedure / semen preparation for IUI / tips to improve result in IUI).
- A to Z of IVF /ICSI procedure & protocols (Focus Area)

- Long term safety & IVF - ICSI
- Management of poor ovarian responders
- Advances in infertility in last decade & what are future areas in ART?
- Recurrent implantation failure & guidelines (2021)
- Third party reproduction (According to Indian Law of land)
- Fertility preservation in cancer patients
- Ethical issues in assisted reproductive technologies
- Medico legal issues (ICMR , INDIA)

## How this course have been developed by masters in DGF

Extensive deliberations, discussion and brainstorming was done between different reproductive medicine (RM) specialists to develop the course & DGF recommendations. In 2021 whole material is updated by reviewing the literature published till December 2020 using pubmed and Cochrane collaboration library . International guidelines available in the literature . India is data whatever available was also reviewed . Each topic was brainstormed on by group of reproductive medicine by Experts Dr Sharda Jain , Dr brig RK Sharma , Dr. Jyoti Agarwal , Dr Sushma ved, Mr Sehgal & Invited faculty .

**COURSE WHICH WAS TOTAL 15 DAYS PHYSICAL COURSE IS NOW CHANGED TO TOTAL ONLINE COURSE IN 2021**

## KEY AREA COVERED

BASIC infertility , investigation , IUI, IVF , ICSI : protocol / procedures ,Ultrasound, genetics, unexplained infertility, poor responders management, endocrinopathies, ovulatory disorders , polycystic ovarian disease, recurrent implantation failure , fertility preservation , third party reproduction, safety, ethical issues in ART. As 80% of our students are Indian due consideration of facilities , options available, cost, lack of insurance coverage for patients, is taken into consideration without compromising the result in ART

Practical Live videos of lectures , Live Videos of smallest infertility procedures , lab investigations used in ART / HYSTEROSCOPY /IUI/IVF-ICSI , cryopreservation of gametes in our biggest USP of course matching International Standard.

Over 350 Doctors from Indian , Afganistan, Bangladesh , Nepal, Dubai, Nigeria & other parts of Africa have been trained by us. Over 60 have started their IVF centres as **know how & hand holding** by our experts has been outstanding

## Course Faculty

**Dr Sharda Jain**  
Sec General DGF &  
Course Coordinator

**Dr Brig RK Sharma**  
Chairman of Infertility -IVF  
Committee of DGF

## Course Co-Cordinators

**Dr Jyoti Agarwal**  
Course Co-Cordinator

**Dr Sushma Ved**  
Chief Embryologist

**Mr. Rajnish Sehgal**  
Course Co-Cordinator

**Dr Rashmi Jain**  
Junior Embryologist

**Dr Indu Tyagi**  
Counsellor

## Guest Faculty

**Dr Yogesh Agarwal**

**Dr Shivani Sachdeva**

**Dr Sunita Arora**

**Dr Aruna Saxena**

**Dr Jyoti Malik**

**Dr B.V.S Kashyap**

## DAY WISE COURSE HIGHLIGHTS

### 1<sup>ST</sup> WEEK TRAINING OF BASIC IN FEMALE , MALE INFERTILITY, ANDROLOGY, A TO Z OF IUI, PRP TRAINING

Day	Topic (Morning 7:30 – 9:30am)	Topic (Evening 8:00 – 9:30pm)	
1 <sup>st</sup> Mon	<p><u>DR SHARDA JAIN</u></p> <ol style="list-style-type: none"> <li>1. Introduction</li> <li>2. Interpretation of recommendation what doctor should know</li> <li>3. Infertility workup of male &amp; female (2024)</li> <li>4. 2023 : Indian Guideline to manage Male Infertility</li> <li>5. Patients Factor Effecting fertility Outcome</li> <li>6. Female Factor effecting fertility outcome</li> <li>7. Male Infertility Investigation</li> </ol>	<p><u>DR SHARDA JAIN</u></p> <ol style="list-style-type: none"> <li>8. Andrology Made Simple</li> <li>9. Sperm Function Test outlined</li> <li>10. DNA Fragmentation Index</li> </ol>	
2 <sup>nd</sup> Tue	<p><u>DR JYOTI AGARWAL</u></p> <ol style="list-style-type: none"> <li>1. NICE guidelines in Infertility / ESRE Guideline 2022</li> <li>2. Ovulation Induction protocols in IUI</li> <li>3. Ultrasound in infertility</li> <li>4. Monitoring of IUI cycle / USG in infertility</li> <li>5. Luteal phase support in IUI</li> <li>6. SIS &amp; Sonosalpingography</li> <li>7. Thin Endometrium</li> <li>8. Latrozole Update</li> </ol>	<p><u>DR SHARDA JAIN</u></p> <ol style="list-style-type: none"> <li>1. Smoking Effecting Fertility outcome</li> <li>2. Alcohol effecting fertility outcome</li> <li>3. HIV &amp; ART</li> <li>4. Public Factor</li> <li>5. Thin Endometrium</li> </ol>	
3 <sup>rd</sup> Wed	<p><u>DR SHARDA JAIN</u></p> <ol style="list-style-type: none"> <li>1. TB in Infertility</li> <li>2. PID update (2021)</li> <li>3. PCOD Made Easy in Infertility</li> <li>4.
